4Real Health, New Orleans was visited by 4Real Health Educators to implement B.A.R.T. and Healthy Living Curricula. Educators visited Community Centers, Libraries, Schools, and Churches to implement the curricula. 10 zip code areas were visited by 4Real Health Educators to implement B.A.R.T. and Healthy Living Curricula. Health Educators were trained in B.A.R.T and Healthy Living curricula by staff at the Louisiana Public Health Institute. Health Educators came from various educational and ethnic backgrounds. Health Educators ages ranged from 19-37 and were paired in Male/Female teams. Teams taught 7-15 youth over 8 sessions. Male and female youth aged 14-18 were taught either B.A.R.T. or Healthy Living Curricula over the summer. B.A.R.T. focuses on HIV prevention and Healthy Living focuses on nutrition and exercise.
